EDUCATION & TRAINING

Postdoctorate - Magnetic Resonance Imaging for Quantification of Health, Apr 2016-present

Department of Biomedical Engineering, Faculty of Medicine & Dentistry,
University of Alberta, Edmonton, AB

Supervisor: Richard Thompson, PhD; Co-supervisor: D Ian Paterson, MD

Awards (\$772,000 CAD total):

1. Canadian Institutes of Health Research Banting Fellowship (2019-2021): \$140,000
2. Best Clinical Research Poster, Cardiac Sciences Research Day, University of Alberta (2019)
3. Institute of Cancer Research (CIHR) Travel Award (2019): \$1,500
4. Susan G. Komen Postdoctoral Fellow Grant (2017-2020): \$180,000 USD (\$180,000 USD)
5. Semi-Finalist, Susan G. Komen Breast Cancer Challenge (early career researchers) (2017)
6. Canadian Institutes of Health Research Fellowship (2016-2019): \$165,000
7. Alberta Innovates - Health Solutions Clinician Fellowship (2016-2019): \$225,000

PhD - Cardiovascular & Exercise Oncology, Sep 2010-Feb 2016 (medical LOA 09/11-08/12)

Rehabilitation Sciences, Department of Physical Therapy, Faculty of Medicine
University of British Columbia, Vancouver, BC

Thesis title: Exercise cardio-protection from chemotherapy for breast cancer

Supervisor: Kristin Campbell, BSc PT, PhD

Awards (\$143,200 CAD total):

8. Mary Adele Norman Postgraduate Award in Medical Research (2016): \$2800
9. Canadian Institutes of Health Research Canada Graduate Scholarships - Doctoral Award (2010-2011, 2012-2014): \$105,000
10. UBC Four Year Doctoral Fellowship (2010-2011, 2012-2015): \$20,000
11. Canadian Institutes of Health Research Canada Graduate Scholarships – Michael Smith Foreign Study Supplement (2014): \$6,000
12. UBC Urban Poling Activator Award (2014): \$2,000
13. American College of Sports Medicine Foundation Doctoral Student Research Grant (2013): \$5,000 USD (first recipient from outside the US)
14. American College of Sports Medicine Annual Meeting Cancer Interest Group Karen Hornbostel Memorial Trainee Award (2013): \$250 USD
15. Canadian Cancer Society Travel Award (2013): \$1100

Masters of Science – Clinical Exercise Prescription & Physiology, Sep 2008- Oct 2010

School of Human Kinetics, University of British Columbia, Vancouver, BC

Thesis title: Comparison of aerobic exercise intensity prescription methods in breast cancer patients and survivors

Supervisor: Don McKenzie, MD, PhD

Awards (\$58,183 CAD total):

16. UBC Faculty of Education Graduate Student Research Grant (2010): \$883
17. Canadian Institutes of Health Research - Master's Award (2009): \$17,500
18. Michael Smith Foundation for Health Research – Junior Graduate Studentship (2009): \$22,500
19. UBC University Graduate Fellowship (2009, declined): \$16,000
20. UBC Faculty of Education Award (2008): \$1300

Bachelor of Science Cum Laude – Kinesiology, 2003-2008

Certificate - Athletic Therapy, 2004-2007

School of Kinesiology and Health Science, Faculty of Health, York University, Toronto, ON

Awards (\$23,500 CAD total):

21. York Kinesiology and Health Science Honour Award (2007): \$500
22. York Dean's Honour Roll (2003/04, 2004/05, 2006/07, 2007/08)
23. York Kinesiology - Robert Munroe Menzies Award (2006): \$500
24. Canadian Interuniversity Sports Academic All-Canadian (2005/06, 2007/08)
25. York University Sport and Academic Excellence Award (2004-2008): \$10,500 total
26. Koch Industries Inc. Achievement Award (2003-2006): \$6,000 total
27. York University Entrance Scholarship (2003): \$2,000
28. York University Faculty of Pure & Applied Science Scholarship (2003): \$4,000

OPERATING GRANTS

1. Canadian Cancer Society & Canadian Institutes of Health Research Innovation Grant (National). "Maximizing metastatic breast cancer patient outcomes using diet and exercise." \$200,000. Role: Additional author. PI: Carla Prado. Co-PI: Richard Thompson. Co-investigators: Ian Paterson, John Mackey, Kerry Courneya, Edith Pituskin. Status: Active.
 - o While my official title is 'additional author' due my non-Faculty status, I conceived of and wrote this application and am leading this study.
2. Susan G. Komen (International) Postdoctoral Research Fellowship Grant (direct operating costs). "Short-term lifestyle interventions for cardio-protection from anthracyclines." \$180,000 USD (\$242,000 CAD); 2017-2020. Role: PI. Co-investigators: Richard Thompson, Ian Paterson, John Mackey, Carla Prado, Edith Pituskin, Kerry Courneya. Status: Active.
3. Anita Cochrane Memorial Endowment Fund Award, British Columbia Cancer Foundation (Provincial). "The effects of exercise before doxorubicin infusion on cardiac function in breast cancer patients" (PhD thesis); \$6,840; 2014. Role: Co-I. PI: Karen Gelmon. Co-Investigators: Kristin Campbell, Don McKenzie, Sean Virani. Status: completed.
4. American College of Sports Medicine Foundation (International) Doctoral Student Research Grant. "Cardio-protective effects of exercise during chemotherapy" (PhD thesis); \$5,000; 2013. Role: PI. Co-Investigators: Kristin Campbell, Don McKenzie, Sean Virani. Status: completed.
5. UBC (Institutional) Faculty of Education Graduate Student Research Grant. "Comparison of aerobic exercise intensity prescription methods among breast cancer patients during and after chemotherapy" (MSc thesis); \$883; 2010. Role: PI. Co-I: Don McKenzie. Status: completed.

PUBLICATIONS & PRESENTATIONS

Note: Trainees for whom I played a substantial supervision/mentorship role are underlined

Peer-reviewed manuscripts

Accepted

Thematic poster presented at American College of Sports Medicine Annual General Meeting, Indianapolis, IN; May 30, 2013.
 30. Campbell KL, Kam JWY, Hayden S, Neil SE, **Kirkham AA**, Handy TC, Boyd LA, Lui-Ambrose TYL. Does cardiorespiratory fitness influence cognitive function in breast cancer

- survivors reporting cancer-related cognitive changes? *Med Sci Sports Exerc* 2013;45(5 Suppl 1):213. Thematic poster presented at American College of Sports Medicine Annual General Meeting, Indianapolis, IN; May 30, 2013.
31. **Kirkham AA**, Campbell KL, McKenzie DC. Comparison of aerobic intensity prescription methods in breast cancer patients and survivors. *Med Sci Sports Exerc* 2011;43(5 Suppl):S7. Thematic poster presented at American College of Sports Medicine Annual General Meeting, Denver, CO; June 2011.
 32. **Kirkham AA**, Neil SE, Campbell KL, McKenzie DC. An easy method for adjusting heart rate targets to account for training adaptations throughout exercise interventions with breast cancer survivors. *Appl Physiol Nutr Metab* 2010;35(S1). Poster presented at Canadian Society of Exercise Physiology Annual General Meeting, Toronto, ON; Nov. 2010.
 33. Feehan L, Li LC, MacIntyre D, Harris S, **Kirkham A** and the Osteo-Fx Review Team. Exercise program elements deemed important by physiotherapists in exercise prescription following osteoporotic fracture. *Arthritis and Rheumatism*, 2010;60(10 Suppl):1882. Poster presented at American College of Rheumatology & Association of Rheumatology Health Professionals Annual Scientific Meeting, Atlanta, GA Nov, 2010.
 34. **Kirkham AA**, Campbell KL, Jespersen DK and McKenzie DC. Exercise intensity prescription for women with breast cancer undergoing chemotherapy. *Appl Physiol Nutr Metab* 2009;34(S1):S48-S49. Oral presentation at Canadian Society of Exercise Physiology Annual General Meeting, Vancouver, BC: Nov. 2009.

Unpublished conference presentations

34. Mattiello BC, Thompson RB, Prado CM, Paterson DI, Mackey JR, Courneya KS, Pituskin R, Grenier JG, **Kirkham AA**. Caloric Restriction and Exercise protection from Anthracycline Toxic Effects (CREATE) study: Preliminary effects on secondary cardiovascular outcomes. Oral and poster presentation at Cancer Research Institute of Northern Alberta Research Day, Edmonton, AB, Nov 2019.
35. Li N, **Kirkham AA**, Brotto A, Stickland M, Pituskin E, Paterson DI. Pulmonary consequences of anthracycline and trastuzumab treatment for early-stage breast cancer. Poster presented at Women and Children's Health Research Institute Research Day, Edmonton, AB. Nov 2019.
36. Goonasekera M, Thompson RB, Courneya K, Prado C, Mackey J, Paterson DI, Pituskin E, **Kirkham AA**. A biopsychosocial perspective: Relationships between quality of life, treatment symptoms and cardiorespiratory fitness in women receiving chemotherapy for breast cancer. Poster presented at Women and Children's Health Research Institute Research Day, Edmonton, AB. Nov 2019.
37. **Kirkham AA**, Pituskin E, Thompson RB, Mackey JR, Koshman S, Jassal D, Pitz M, Haykowsky MJ, Pagano J, Chow K, Vos LJ, Ghosh S, Oudit G, Ezekowitz JA, Paterson DI. Beta-blockers preserve left ventricular myocardial and right ventricular ejection fraction during trastuzumab for breast cancer relative to ACE-inhibitors and placebo. Oral presentation at University of Alberta Department of Medicine Research Day, Edmonton, AB. June 2019.
38. Rickard J, Thompson RB, Haykowsky MJ, Beaudry R, Mackey JR, Paterson DI, Pituskin E, **Kirkham AA**. Myocardial fibrosis and reduced resting myocardial function are associated with exercise intolerance in anthracycline-treated breast cancer survivors. Oral presentation at Cardiac Sciences Research Day, Edmonton, AB. June 2019.

39. **Kirkham AA**, Xu L, Wang H, Chow K, Pagano J, White J, Haykowsky MJ, Dyck J, Ezekowitz J, Oudit G, Mackey J, Thompson RB, Pituskin E, Paterson DI. Breast cancer diagnosis is associated with relative left ventricular hypertrophy. Poster presented at San Antonio Breast Cancer Symposium, San Antonio, TX, Dec 2018.
40. **Kirkham AA**, Paterson DI, Pituskin E, Grenier J, Thompson RB. Changes in skeletal muscle metabolism, mass and strength with receipt of cardiotoxic breast cancer treatments. Poster presented at Okanagan Cardiovascular and Respiratory Symposium, Silver Star, BC, March 2018.
41. Bland K, Lloyd M, Borrel D, Bovard J, **Kirkham A**, Shenkier T, Davis M, McKenzie D, Claydon V, Zucker D, Gelmon K, Campbell KL. Exercise during taxane chemotherapy for breast cancer improves indices of cardiovascular autonomic function. Poster presented at Exercise and Sport Science Australia: Research to Practice, Brisbane, AUS, March 2018.
42. Doroshuk M, **Kirkham AA**, Paterson DI, Pituskin EN, Thompson RB. Magnetic resonance imaging-derived left ventricular strain changes with cardiotoxic breast cancer treatment. Poster presentation at Research Revealed: Undergraduate Forum for Kinesiology, Exercise Science, Sport Studies and Recreation, Calgary, AB, March, 2018.
43. **Kirkham AA**, Paterson DI, Mackey J, Prado, C, Courneya KS, Pituskin E, Thompson RB. Caloric Restriction and Exercise protection from Anthracycline Toxic Effects: (CREATE) Study. Mini-oral and poster presentation at Cancer Research Institute of Northern Alberta Research Day, Edmonton, AB, Nov 2017.
44. Neil-Sztramko SE, **Kirkham AA**. Patterns of health lifestyle factors amongst those with cancer, cancer survivors, and those without cancer: findings from the 2013-14 Canadian Community Health Survey. Poster presented at Canadian Cancer Research Conference, Vancouver, BC, November 2017.
45. Bland KA, **Kirkham AA**, Bovard J, Lloyd M, Shenkier T, Davis MK, Zucker D, Gelmon KA, McKenzie DC, Claydon VE, Campbell KL. Influence of supervised exercise during versus after taxane chemotherapy for breast cancer on quality of life. Poster presented at Canadian Cancer Research Conference, Vancouver, BC, November 2017.
46. Christiansen J, **Kirkham AA**, Pituskin EN, Paterson DI, Thompson RB. The effect of chemotherapy and trastuzumab on skeletal muscle quality of breast cancer patients. Poster presentation at Research Revealed: Undergraduate Forum for Kinesiology, Exercise Science, Sport Studies and Recreation, Edmonton, AB, March, 2017.
47. **Kirkham AA**, Eves ND, McKenzie DC, Shave RE, Stöhr EJ, Gelmon K, Warburton DER, Virani SA, Campbell KL. Cardio-protection from a single exercise session performed 24 hours prior to doxorubicin treatment in breast cancer patients. Poster presented at Global Cardio-Oncology Summit, Vancouver, BC, October 2016.
48. **Kirkham AA**, Lloyd MG, Gelmon K, Claydon VE, Van Patten C, Campbell KL. Resting heart rate and blood pressure changes during and after chemotherapy for breast cancer concurrent to exercise training. Poster presented at the Global Cardio-Oncology Summit, Nashville, TN, October 2015.
49. Lloyd MG, **Kirkham AA**, Claydon VE, Campbell KL. Resting heart rate and blood pressure changes during adjuvant treatment for breast cancer. Poster presented at the International Society for Autonomic Neuroscience, Italy, September 2015.
50. Balneaves LG, Truant TLO, Campbell KL, Van Patten C, Waters E, **Kirkham A**. Patients and oncologist' perspectives on physician referrals to a lifestyle intervention program. Poster presentation at the 12th International Conference of the Society for Integrative Oncology. Boston, MA, USA. November 2015.

51. **Kirkham AA, Pahl KE, Elliot R, Scott JA, Doria S, Davidson HK, Campbell KL, Camp PG.** Utility of equations that estimate peak oxygen consumption and work rate from the six-minute walk test in patients with COPD. Poster presented at Heart and Lung Fest, Vancouver, BC, February 2014.

Invited oral presentations

1. "Exercise Magnetic Resonance Imaging: A Novel Tool to Uncover Occult Cardiovascular Dysfunction." Cardiovascular Research Centre Seminar, Edmonton, AB, Dec 2019.
2. "Exercise and Diet as Protection from Cardiotoxicity." Exercise is Medicine Symposium, Copenhagen, Denmark, Nov 2019
3. "Optimizing exercise efficacy: Cancer-specific exercise intervention considerations" (within Symposium titled: Exercise Oncology: Novel Research and Implementation Approaches Spanning Cancer Biology to Public Health; other speakers: Kerry Courneya (AB, CA) and Sarah Neil-Sztramko (ON, CA)). Symposium at Canadian Society of Exercise Physiology Annual Meeting, Kelowna, Canada, Nov 2019
4. "Prescribing exercise and diet during chemotherapy: Feasibility and efficacy of short-term interventions that capitalize on the effect of timing relative to treatment." Northern Alberta Breast Cancer Program Retreat, Edmonton, AB, October 2019
5. "The Edmonton Cardio-Oncology Clinical Program: Past, Present and Future." Cross Cancer Institute Grand Rounds. Co-presented with Ian Paterson and Edith Pituskin. Sept 2019.
6. "Beta-blockers preserve left ventricular myocardial and right ventricular ejection fraction during trastuzumab for breast cancer relative to ACE-inhibitors and placebo." University of Alberta, Department of Medicine. June 2019
7. "Putting it all Together: Designing Clinical Trials to Test the Effect of Exercise on Cancer Response to Therapy" (within 2-hour symposium titled: Exercise is Cancer Medicine: How do we Prove it? Breaking Down the Barriers to Translational Research in Humans; other speakers: Dietmar Siemann (FL, US); Allison Betof Warner (NY, US); Neil Iyengar (NY, US)). Symposium at American College of Sports Medicine Annual Meeting, Orlando, FL, June 1, 2019
8. "Emphasizing the 'Multiple' in Multi-disciplinary: Exercise As a Single Tool in the Cancer Care Toolbox" (within 2-hour symposium titled: Is Exercise Enough?: Leveraging Trans-disciplinary Approaches to Enhance Cancer Survivorship; other speakers: Wendy Demark-Wahnefried (AL, US); Karen Mustian (NY, US); Bonnie Spring (IL, US)). Symposium at American College of Sports Medicine Annual Meeting, Orlando, FL, June 1, 2019
9. "Taxane chemotherapy side effects and the role of exercise"; Medical Oncology Rounds, Cross Cancer Institute, Edmonton, AB, October 2018
10. "Acute exercise and diet interventions for protecting healthy cells and sensitizing cancer cells: Updates and future directions"; Northern Alberta Breast Cancer Program Retreat, Edmonton, AB, October 2018
11. "Effectiveness of exercise programming for cancer survivors in clinical and community settings: How does it compare to randomized trials?" (within 2-hour symposium titled: Exercise for cancer survivors in the real world: Translating research to practice; other speakers: Joachim Wiskermann (Germany), Maike Sweegers (The Netherlands), Anna Campbell (Scotland)); Symposium at American College of Sports Medicine Annual Meeting, Minneapolis, MN, June 1, 2018

12. “Exercise in Cardio-Oncology: The relationship between exercise and cancer treatment-related cardiotoxicity”; 50-minute tutorial jointly presented with Mark Haykowsky (USA) at the World Congress on Exercise is Medicine, Minneapolis, MN, May 30, 2018
13. “Use of Biomedical Imaging and Nutrition to Increase the Impact of Exercise Oncology Research”; Cancer Special Interest Group Meeting at American College of Sports Medicine Annual Meeting, Minneapolis, MN, May 30, 2018
14. “Maximizing the impact of exercise and diet on breast cancer outcomes”, Susan G. Komen Breast Cancer Challenge Semi-finalist, Obesity & Cancer Section Meeting at Obesity Week 2017, Washington, DC, November 2017
15. “Exercise and diet as adjunct therapy for breast cancer”; Northern Alberta Breast Cancer Program Retreat, Edmonton, AB, October 2017
16. “Longitudinal strain imaging by magnetic resonance is a sensitive predictor of cardiotoxicity caused by breast cancer therapies”; Alberta Imaging Symposium, Edmonton, AB, May 2017
17. “Good days and bad days: Tailoring aerobic exercise prescription to chemotherapy” (within 2-hour symposium titled: Back to basics: Applying training principles for effective exercise prescription in cancer patients; other speakers: Kathryn Schmitz (USA), Prue Cormie (Australia), Joachim Wiskermann (Germany)); Symposium at American College of Sports Medicine Annual Meeting, Boston, MA, June 2016
18. “Exercise therapy for breast cancer treatment side effects”; Pharmaceutical Outcomes & Policy Innovations Seminar, UBC; Vancouver, BC, May 26, 2015
19. “The role of acute and chronic exercise in cardio-protection from anthracycline chemotherapy for breast cancer”; Lions Gate Hospital Community Chemotherapy Centre; North Vancouver, BC; September 11, 2014
20. “Exercise is medicine: The benefits of exercise during cancer treatment”; Burnaby General Hospital Community Chemotherapy Centre; Burnaby, BC; August 20, 2014
21. “Exercise for cancer survivors: What does it look like outside research?”; School of Health and Social Care, University of Surrey (satellite location); Glasgow, Scotland; July 9, 2014
22. “Assessment and prescription in exercise oncology”; Cardiac Rehabilitation, Atrium Health Ltd. Centre for Exercise and Health; Coventry, England; July 1, 2014
23. “Exercise cardio-protection from chemotherapy for breast cancer”; School of Sport, Cardiff Metropolitan University; Cardiff, Wales; June 20, 2014
24. “Exercise cardio-protection from breast cancer anthracycline-induced cardiotoxicity”; British Columbia Cancer Agency Vancouver Centre; Vancouver, BC; May 24, 2014
25. “Prescription of exercise intensity in breast cancer and beyond”; StepUp 2013 (physiotherapy conference); Vancouver, Canada; April 30, 2013

ACADEMIC LEADERSHIP

- Dedicated and experienced supervisor and mentor of ~40 trainees, including independent recruitment and supervision of volunteers, practicum/co-op students, and paid staff (see ‘Supervision and Mentorship Experience’)
- Leading and training large research staff (paid and volunteer) and student teams:
 - UBC: Responsible for training and maintaining standards for data collection among up to 15 research staff working on a given study to deliver exercise intervention and collect data.
 - UAlberta: Leading and training staff for intensive MRI acquisitions requiring up to three MR technicians, Research Nurse, a student, and myself.
 - UAlberta: Coordinated multi-disciplinary assessments for multiple studies between patients and staff for MR Research Centre, Exercise Physiology Labs, Cancer Rehabilitation Clinic, Human Nutrition Research Unit, and the cancer treatment centre.

- Coordination of multi-disciplinary expertise in large research teams:
 - UBC: Lead and coordinated contributions from Medical Oncologists, Cardiologists, Registered Dietitians, Onco-Physiatrists, Sports Medicine Physicians, and multiple PhDs (Physical Therapy, Cardiac Physiology, Autonomic function) from Vancouver, the United States and the United Kingdom on cardio-oncology and exercise oncology research projects. Lead resulting publications with up to 11 authors.
 - UAlberta: Leading and coordinating contributions from Medical Oncologists, Cardiologists, Nurse Practitioners, Registered Dietitians, and PhDs (Biomedical Engineering, Nutrition, Exercise Oncology, Physical Therapy, Pulmonary Physiology). Will lead numerous resulting publications.
- Enthusiastic teacher of practical skills and theoretical content to undergraduate and graduate students (see ‘Teaching Experience’)
- Encouraged and facilitated numerous junior students to attend academic conferences by sharing research data for presentation (see second and senior authored conference publications)
- Conceived of symposium (2-hour presentation) and tutorial (50-minute presentation) content for American College of Sports Medicine Annual General Meeting 2018, invited speakers, submitted proposal and executed top-rated sessions at the conference. See ‘Invited Presentations’
- Conceived of topics, invited speakers and submitted proposals for two symposium sessions (2-hour presentations) for American College of Sports Medicine Annual General Meeting 2019 that brought new cutting edge content and speakers to this conference. See ‘Invited Presentations’
- Served as Communications Officer for the Graduate Student Committee of the Canadian Society of Exercise Physiology for two years; lead a team of graduate students across the country to generate content for a quarterly newsletter sent to all student members.
- Served as expert reviewer for multiple peer-reviewed journals and clinical grant application review (see ‘Service’).
- Delivery of valuable research content to public via print and television media (see ‘Media Coverage of Research’)
- Contributor to the Canadian Women’s Heart Health Alliance Position Statement (pending publication in JAHA 2019)

TEACHING

Graduate

1. Instructor, PHTH 517 – “Exercise and Movement I” (lecture), UBC Department of Physical Therapy (Fall 2015)
2. Instructor, PHTH 527 - “Exercise and Movement II” (lab), UBC Department of Physical Therapy (Winter 2015)
3. Clinical Skills Assistant, PHTH 514 – “Clinical Skills I” (emergency care, athletic taping, cardiorespiratory examination, and exercise testing labs), UBC Department of Physical Therapy (Fall 2010-2015)

Undergraduate

4. Teaching Assistant, International Summer School - “Recovery from Injury and Disease” and “Exercise is Medicine” (facilitated labs) UBC Faculty of Medicine (2015)
5. Guest Lecturer, KINE 469 - “Exercise Prescription”; UBC School of Human Kinetics (2011)
6. Teaching Assistant, KINE 103 – “Active Health” (Delivered lecture and supervised laboratory sessions), UBC School of Human Kinetics (2010)
7. Teaching Assistant, KINE 190 – “Anatomy and Physiology I” (Delivered lecture and supervised laboratory sessions), UBC School of Human Kinetics (2008 & 2009)

SUPERVISION AND MENTORSHIP

Primary or significant supervision role

1. Supervisor, UAlberta Practicum Placement for undergraduate Kinesiology students (full-time for one term):
 - Jordan Topolnyski (Jan-Apr 2020)
 - Brenna Mattiello (Sep-Dec 2019, presented work at local and national conference, co-authored two abstracts and one manuscript)
 - Nicholas Li (May-Aug 2019, presented work at local conference)
 - Julia Rickard (Jan-Apr 2019, presented work at local conference)
 - Jessica Hoskins (Sep-Dec 2018)
 - Gregory Farmer (May-Aug 2018)
 - Kimberly Brennan (Jan-Apr 2018)
 - Marissa Doroshuk (Sep-Dec 2017, presented work at provincial conference)
 - Jillian Christiansen (Jan-Apr 2017, presented work at local conference)
2. Supervisor, Research Coordinator, Andre Pelletier (Full-time, May 2019-present)
3. Supervisor, Research Technician, Michelle Goonasekera (30-35 h/wk Dec 2018-present)
4. Supervisor, Research Technician, Marissa Doroshuk (20-37.5 h/wk May 2018-Aug 2019)
5. Supervisor, Exercise Physiologist, Andrew Brotto (MSc Kinesiology, as needed, October 2017-present)
6. Supervisor, UAlberta Kinesiology Human Performance Fund Awardee, Brenna Mattiello (competitive award + additional paid work for 30 h/wk total, May-Aug 2019, presenting her work from my lab in national conference)
7. Supervisor, UAlberta Post Graduate Work Experience Program (paid), Jenna Wowdzia (Full-time, Jan-Mar 2019, currently in Kinesiology MSc program)
8. Supervisor, UAlberta Graduate Student Internship Program (paid), Sara Nejatnamini (Nutrition PhD candidate, 10 h/wk, May-Dec 2018)
9. Supervisor of undergraduate volunteers (range of 3-30 h/wk):
 - Jordan Topolnyski (Kinesiology, UAlberta, Sep 2019-present)
 - Ashley Turner (Science, UAlberta, Oct 2019-present)
 - Vanesa Beka (Nursing, UAlberta, Apr 2017-Sep 2019, co-author on publication)
 - Chiu Tung (Kinesiology, UAlberta, October 2018-Apr 2019)
 - Hanna Hruczowski (Science, UAlberta, May-Nov 2017)
 - Bavenjit Cheema (Kinesiology, UBC, Sept 2014 -Apr 2015, currently in medical school)
 - Savanna Rowe (Kinesiology, UBC, Jan 2015 –Apr 2017, presented our work at international conference & currently in Physical Therapy program)
 - Hannah Kapur (Physiology, McGill, May-Aug 2015, currently in medical school)
 - Simran Parmar (Kinesiology, UBC, Sep 2015 – Feb 2016, currently in medical school)
10. Supervisor, UBC Work Learn Program (10 h/wk of research assistant work):
 - Chris Grellman (Kinesiology, Sep 2014-Apr 2015)
 - Nima Omid-Fard (Kinesiology, Sept 2014-Jun 2015, currently in medical school)
 - Cristina Trasolini (Kinesiology, May 2014-April 2015)
 - Kortni Pelli (Kinesiology, 2013-2014)

11. Supervisor, UBC Faculty of Medicine Summer Research Award recipient, Sean Nugent (Kinesiology graduate, Jun-Aug 2014, currently in medical school)
12. Supervisor, UBC Masters of Physical Therapy group research projects (guided from conception of project to publication):
 - “Metabolic Cost of Trunk Lean Walking for Arthritis” (2012-2013)
 - “Can the 6-minute Walk Test Predict VO₂peak in COPD patients?” (2012-2013)

Formal mentorship

13. Mentor, UBC Kinesiology Mentorship Program, Sarah Sayyari, (2014-2015, completed MSc)
14. Mentor, UBC Kinesiology Mentorship Program, Shaolin Rahman (2013-2014, currently working in health care)
15. Mentor, Tri-council Graduate Student Applications, Rehabilitation Sciences Graduate Program, UBC (2012-2016)

SERVICE

Committees

1. University of Alberta Faculty of Medicine & Dentistry Dean Selection Committee, 2019
2. Abstract Reviewer, Cancer Research Institute of Northern Alberta Research Conference, 2017
3. Clinician Scientist Search Committee, Department of Physical Therapy, UBC, 2012
4. Student Advisory Committee, Clinical Exercise Physiology Association, 2009-2010
5. Communications Officer, Canadian Society of Exercise Physiology Graduate Student Committee, 2009-2011
6. Admissions Committee, Athletic Therapy Program, York University, 2007
7. Publicity Director, York University Varsity Sports Council, 2007-2008

Community

1. Development of Continuing Medical Education Credit materials for The Society for Translational Oncology, 2019
2. Community speaker, Running Room Learn-to-Run Clinic for breast cancer survivors, 2015
3. Created knowledge translation document for oncologists to prescribe exercise to their patients during treatment, published by Canadian Cardiac Oncology Network, 2014
4. Volunteer fitness testing for Vancouver Canucks, 2008-10
5. Peer Health Educator, Community & Leadership Development, YorkU, 2007-08

MEDIA COVERAGE OF RESEARCH

1. “Heart rate, chemotherapy and exercise prescription,” Research in Exercise and Cancer Health (REACH) Podcast 60-minute interview (first ever repeat guest), Dec 2018:
<http://reachformore.libsyn.com/website/ep-51-dr-amy-kirkham-heart-rate-chemotherapy-and-exercise-prescription> (also available on iTunes)
2. ACSM National Office of Communications & Media Advocacy press release to Newswise highlighting work from my manuscript “Exercise prescription and adherence for breast cancer: One size does not FITT all,” Feb 2018.
3. My manuscript, “Exercise prescription and adherence for breast cancer: One size does not FITT all” highlighted in Medicine & Science in Sports & Exercise Editorial, Feb 2018.
4. Lay summary of my manuscript, “Protective effects of acute exercise prior to doxorubicin on cardiac function of breast cancer patients: A proof-of-concept RCT” highlighted by Canadian Society of Exercise Physiology’s ‘Knowledge Translation: Advances in Exercise Physiology Research’ section of January 2018 Comminqué.

5. “Modifying exercise during chemotherapy / protecting against cardiotoxicity”, Research in Exercise and Cancer Health (REACH) Podcast 60-minute interview, Oct 2017: <https://www.reachbeyondcancer.com/podcast/2017/10/5/ep-24-dr-amy-kirkham-modifying-exercise-during-chemotherapyprotecting-against-cardio-toxicity> (also available on iTunes)
6. “CTV Edmonton: Protecting cancer patients’ hearts”, University of Alberta Faculty of Medicine & Dentistry ‘FoMD in the News’ Sep 2017 newsletter top story: <https://www.ualberta.ca/medicine/news/2017/september/fomd-in-the-news>
7. “Protecting cancer patient’s hearts”, CTV Edmonton’s health correspondent Carmen Leibel reported on my CREATE study, aired Aug 30, 2017 during CTV news, and also promoted on CTV’s Twitter and Facebook accounts: <http://www.ctvnews.ca/video?clipId=1198427>
8. “Can heart damage from chemotherapy be prevented through exercise and diet?”, University of Alberta Faculty of Medicine & Dentistry website feature story, August 30, 2017: <https://www.ualberta.ca/medicine/news/2017/august/can-heart-damage-from-chemotherapy-be-prevented-through-exercise-and-diet>
9. My manuscript “Protective effects of acute exercise prior to doxorubicin on cardiac function of breast cancer patients: A proof-of-concept RCT” (Int J Cardiol 2017; 245:263-70) has received more online ‘attention’ than 93% of the 8.5 million research outputs tracked by Altmetric (<https://www.altmetric.com/details/21982604#score>).
10. “Amy Kirkham PhD ‘16”, University of British Columbia Faculty of Medicine Alumni Profile Spotlight, July 2017 E-Newsletter
11. “Caloric Restriction and Exercise in Breast Cancer Patients to Protect Against Anthracycline Toxic Effects”, Feature Story, Cancer Control Alberta July 11 2017 newsletter and website
12. “UBC students explore the impact of exercise on cancer prevention and rehabilitation”, UBC Faculty of Medicine June 2015 Communications: <http://www.med.ubc.ca/ubc-students-explore-the-impact-of-exercise-on-cancer-prevention-and-rehabilitation/>
13. “Student profile: Prescription Exercise”, Michael Smith Foundation for Health Research June 2010 News: <https://www.msfhr.org/news/features/prescription-exercise>

ADVANCED ACADEMIC COURSES

1. Libin Cardiovascular Institute of Alberta International Trainee Symposium: Research is Better with Sex and Gender (2 days, Banff, Alberta, 2020)
2. Career Advancement and Leadership Skills for Women in Healthcare, Harvard Medical School (3 days, Boston, MA, 2018)
3. Analyzing Repeated Measures Data: ANOVA And Mixed Model Approaches, The Analysis Factor (8 wk, online, 2016)
4. International Intensive Graduate Course In Exercise & Clinical Physiology, Concordia University, (5 days, Montreal, QC, 2010)
5. Cardiovascular Ultrasound in Sport and Exercise Sciences, UBC-Okanagan, (5 days, Kelowna, BC, 2010)
6. Instructional Skills for Graduate Students, Teaching and Academic Growth (4 days, Vancouver, BC, 2010)
7. Publication and Grant Writing Workshop, CIHR Quality of Life Training Program in Rehabilitation Research, (5 days, Vancouver, BC, 2010)

CERTIFICATIONS AND MEMBERSHIPS

1. Professional Kinesiologist, Alberta Kinesiology Association (2016-present)
2. Professional Kinesiologist, British Columbia Association of Kinesiologists (2014-2015)
3. Member, Canadian Society of Exercise Physiology (2009-present)
4. Member, American College of Sports Medicine (2009-present)
5. Member, Clinical Exercise Physiology Association (2009-present)
6. First Aid, CPR, AED Certification, Canadian Red Cross (2004-present)
7. Certified First Responder, Canadian Red Cross (2004-2009)
8. Certification Candidate, Canadian Athletic Therapists Association (2004-2010)
9. Certification Candidate, Ontario Athletic Therapists Association (2004-2010)

ATHLETIC ACHIEVEMENTS

1. Bike commuting to work all winter in Northern Alberta (yes, even in -30°C) (2016-present)
2. Several podiums in international Half-Ironman races as a Professional Triathlete (2010)
3. Member, British Columbia Elite Long Course Triathlon Team (2009 & 2010)
4. 3rd, Elite women, British Columbia Time Trial Provincial Championship (2010)
5. Twice represented Canada (2008: 8th, women 20-24; 2009: 19th, women 25-29) at Triathlon World Championships
6. 2nd, women 25-29, 4th overall, National Olympic Triathlon Championships (2009)
7. 2nd, women 20-24, National Sprint & Olympic Triathlon Championships (2007, 2008)
8. 2nd, senior women's team, National Cross Country Championship (2007)
9. Ontario University Athletics Cross Country All-Star (2007)
10. Varsity Cross Country Team Captain, York University (2006-08)
11. Varsity Cross Country MVP, York University (2003-04, 2007-08)
12. York Lions Track & Field Achievement Award (2005)
13. York University Excalibur's Varsity Athlete-of-the-Year nomination (2004)
14. 10th, 3000m, Canadian Interuniversity Sport Track National Championship (2004)
